

URGENT: STOP SENATE BILL 3

PROTECT CONSUMER CHOICE, HEMP FARMERS & SMALL BUSINESSES

Senate Bill 3 is a direct attack on Texas' thriving Hemp industry. It has already passed the Senate and can pass the House to become a law.

If passed, it will:

- Ban legal hemp-derived products, killing 53,000+ jobs and 10,000+ businesses
- Criminalize responsible consumers and medical users
- Hand the market over to illegal, unregulated products
- Take away Texans' right to choose natural alternatives

- The legislature should not be depriving adults of access to natural products they choose to use.
- The Texas Hemp industry is already federally and state-legal and regulated by the Texas Department of State Health Services.
- Americans believe in personal responsibility and freedom—SB3 is the opposite of that.
- There are no products that work as well as Hemp for me, and no one has ever died from Hemp products.
- The State of Texas will incur a cost of at least \$764 million in lost sales tax revenue and the cost of unemployment assistance for the 53,000 lost jobs if SB3 passes.
