

**TAKE ACTION NOW!**  
**FREEDOM**  
**MEANS CHOICE!**  
**KEEP HEMP LEGAL!**

*Congress is trying to take away your right to hemp wellness.*

*Hidden inside a new federal funding bill is language that would **ban hemp products** across the United States even those legal under the 2018 Farm Bill.*

*If that happens, millions of Americans will **lose access** to safe, affordable, natural options for sleep, pain, and wellness.*

*“If Washington can take away hemp, what freedom do we lose next?”*
