

SAVE HEMP

★ ★ ★ ★ ★ **IN 2026** ★ ★ ★ ★ ★

CONTACT YOUR REPRESENTATIVE

and ask them to support the two bills below:

The Planting Predictability Act

Extends the ban deadline from 11/2026 to 11/2028

Gives farmers 2 extra years to transition to new testing requirements and developed new genetics Provides USDA time to finalize revised regulations

Hemp Enforcement, Modernization, and Protection (HEMP) Act

Establishes federal standards for hemp-derived consumer products

Creates manufacturing and testing requirements Provides regulatory certainty while protecting consumers

HOW TO REACH OUT:

WHAT TO SAY:

- I am an adult consumer of hemp products.
- The U.S. hemp industry support US farming and manufacturing
- My preference is a safe and domestic supply chain, products that I currently rely on and trust.
- I use hemp products for [LIST REASONS], eliminating my options would cause me to [LIST PERSONAL IMPACT]
- The legislature was forced to vote for a ban that would never have survived as a stand alone bill.
- Congress should not be depriving adults of access to natural products they choose to use
